THE FRATERNAL ORDER OF LADY EAGLES GROUP

Sargo Cambodia Eagles Club • Treasury Management Committee

Document: Governance Proposal & Access Control for Executive Endorsement
Subject: Creation of a "Read-Only Member Consultation Profile"
Issuer: Eric Veyrat, Club Treasurer

Recipient: Club & Foundation President
Application: Rachel Eagles Financial Record v3.0
Date: October 29, 2026

1. BACKGROUND & MATTER SUBMITTED FOR EXECUTIVE DECISION

Currently, the **Rachel Eagles** treasury application (on PC, Smartphone, and Tablet) is strictly restricted by personal Treasurer credentials to protect accounting records from accidental alterations.

However, Club members, executive board officers, and internal auditors have expressed a legitimate desire to **consult the accounts**, track the progress of charitable funds (*Alalayang Agila, Community Service*), view the membership photo directory, and download official certified reports.

2. PROPOSED SOLUTION: DUAL-TIER SECURE ACCESS CONTROL

To fulfill this transparency requirement while maintaining 100% data integrity and zero risk of erroneous modifications, we propose introducing **two distinct access levels** right on the login screen:

- **1. Full Treasurer Access (Administrator):** Retained exclusively by the Treasurer with strong password protection. Authorizes logging debits, credits, editing, deleting, database backup/restore, and setting configuration.
- **2. Member Consultation Access (Read-Only):** Open to Foundation members. Offers full transparency over numbers and rosters while **completely locking and concealing all editing, entry, and deletion controls**.

3. COMPARATIVE MATRIX OF RIGHTS & PERMISSIONS

4. TWO IMPLEMENTATION MODALITIES FOR PRESIDENTIAL CHOICE

Option A: Direct 1-Click Access (No password for members) — [Recommended for Club Convenience]

On the startup screen, directly beneath the Treasurer sign-in form, a prominent button states:
👉 « 👁 **Enter Member Space (Read-Only Mode)** ».
Members tap and immediately access treasury numbers and rosters without having to memorize a password. Ideal for friction-free club-wide usage.

Option B: Shared 4-Digit Club PIN Code (e.g., 2024 or 1979)

A simple 4-digit PIN, communicated solely to bona fide members, is required to unlock consultation mode. Prevents non-members or casual passersby from viewing financial figures if a phone is left unattended.

5. INSTITUTIONAL BENEFITS FOR GOVERNANCE & THE FRATERNAL ORDER

1. **Treasurer Security & Peace of Mind:** Official accounting entries cannot be modified or erased inadvertently by other devices.
2. **Total Financial Transparency:** Reinforces member and donor trust by demonstrating real-time allocation of funds to the 7 mutual aid families.
3. **Fraternal Pride & Engagement:** Showcases all sisters and brothers through a modern digital directory featuring high-resolution portraits.
