RACHEL EAGLES Â€¢ TREASURY

THE FRATERNAL ORDER OF EAGLES Â€" SARGO CAMBODIA EAGLES

VERSION LIGHT v3.0

WI-FI & 5G SYNC

1. Overview & Version Light (Phone & Tablet)

The **RachelEagles** application has been optimized in this **Version Light v3.0** to deliver lightning speed, minimal battery consumption, and seamless installation across all Android smartphones, tablets (including your wife's tablet), and PC computers.

- **84% Smaller APK Size:** Reduced from 63 MB to ~10 MB through asset compression and cleaning.
- **Instant Startup:** Launches in under 1 second on mobile and tablet devices.
- **Responsive Touch Interface:** Fast data entry for income and expense transactions with instant filtering.

2. Hybrid Wi-Fi & 5G Synchronization Module

ðŸš€ Smart 1-Click Sync

The **"Sync Wi-Fi & 5G"** button in the top bar automatically analyzes your connection: if you are at home/office with the PC running, it syncs over local Wi-Fi in under a second; if you are on the move outside, it seamlessly syncs over secure 5G Cloud!

ðŸ"¶ Mode 1: Local Wi-Fi Sync (Home / Office)

When your phone/tablet and PC are connected to the same Wi-Fi router (or local 5G mobile hotspot):

- On your PC, launch **Lancer_RachelEagles.bat**.
- On your phone or tablet, go to the **PC Sync** tab and tap **"Auto-Detect PC on Wi-Fi"** or enter the displayed PC IP (e.g., `192.168.11.234`).
- Tap **"Sync via Local Wi-Fi"** to merge all data immediately without mobile data usage.

ðŸŒ Mode 2: Remote 5G Mobile Sync (Worldwide Anywhere)

When you are outside, travelling, or in club meetings on cellular 5G/4G networks (Smart, Cellcard, Metfone):

- Turn on your 5G mobile cellular data on your phone or tablet.
- Tap **"Sync via 5G Mobile"**.
- The application connects directly to the secure SSL cloud vault, merges new expenses, dues, receipts, and members, and updates the database instantly for your PC and your wife's tablet!
- No router port forwarding, no cables, and no complicated setup needed.

ðŸ'¾ Mode 3: Offline Backup & Restore (JSON File)

In offline environments with no Wi-Fi or cellular coverage, export a full backup `.json` file with 1 click, transfer via USB drive, WhatsApp, or Bluetooth, and restore onto any other device.

3. Official 33 Members Directory & Profile Photos

The **Members** tab manages the official club members list for accurate transaction attribution:

- **Member Profile Photos:** Each member can have their official profile photo (automatic square crop and high-efficiency compression).
- **Card View & Table View:** Toggle easily between visual profile cards and structured table view.
- **Official PDF Directory Export:** Generate a formal A4 PDF member booklet with pictures, roles, emergency contacts, and official signature blocks.

4. Official Treasury Families (Alphabetical Order)

The legacy category concept has been replaced by **7 official families**, strictly ordered alphabetically:

#	Official Family Name	Primary Purpose
1	**Alalayang Agila**	Fraternal Mutual Aid & Solidarity
2	**Community Service**	Charity & Outreach Programs
3	**En Rent..**	Lease, Office & Accommodation
4	**Monthly dues**	Monthly Member Contributions
5	**Petty Cash**	Daily Operations & Cash Expenses
6	**Sharing of SCLEG**	SCLEG Club Activities & Events
7	**Voluntary Donation**	Donations & Voluntary Support

5. Official PDF Reports & Certifications

All PDF exports include official banners, Philippine Eagles watermarks, certified totals calculations, and official Treasurer signature and date blocks.
