STATISTICS & GENERAL ASSEMBLY REPORT GUIDE

THE FRATERNAL ORDER OF LADY EAGLES GROUP • SARGO CAMBODIA

OFFICIAL V1.0 RELEASE | PRODUCTION READY

1. OVERVIEW & STATISTICS EXECUTIVE DASHBOARD

The **Rachel Eagles (V1.0)** treasury management system integrates a real-time financial intelligence and statistical engine enabling the Group Treasurer (**Rachel Chua**) and the Executive Board to steer group resources with rigorous precision.

TOTAL INCOMES (CREDITS)	TOTAL EXPENSES (DEBITS)	NET AVAILABLE CASH
+$9,350.00	**-$5,000.00**	**+$4,350.00**
Dues, Donations, Events	Charity, Operations, Logistics	Immediate bank & vault cash

Key Financial Indicator: Budget Coverage Ratio
Calculated via the formula `Total Incomes / Total Expenses`. For example: **1.8x** indicates that recorded revenues cover 1.8 times the total outflows (180% coverage), ensuring absolute solvency without any overdraft hazard.

2. THE 4 STATISTICAL CHARTS & THEIR INTERPRETATION

CHART NAME	VISUAL TYPE	ANALYTICAL PURPOSE FOR TREASURY
Budget Families Histogram	HORIZONTAL BARS	Ranks expenditures across budget categories (*Charity & Donations, Events, Logistics, Admin*). In-bar dollar values ($) are directly printed inside the colored bars.
Expenditure Breakdown	PIE / DONUT %	Reveals the percentage share of each category against 100%. Ensures compliance with bylaws (e.g. at least 40% dedicated to humanitarian actions).
Weekly Incomes vs Expenses	DUAL COLUMN BARS	Compares week-by-week credits (green) against debits (red). Identifies liquidity timing discrepancies between payment collection weeks and expense weeks.
Chronological Cumulative Curve	TIMELINE TREND LINE	Tracks continuous net cash accumulation over time. Every milestone point includes a clear numeric badge ($) for high readability during projector presentations.

3. MODULAR GENERAL ASSEMBLY REPORT ENGINE

By clicking the **"General Assembly Report (PDF)"** button in the application, Rachel Chua accesses a **modular configuration modal** tailored to the type of assembly:

Option A: Strict Single Month (Non-Cumulative)

Best for: Regular Monthly General Assemblies.

- Only transactions of the audited month are counted.
- Includes official **Opening Carryover Balance** (prior retained surplus).
- Displays monthly net surplus and final **Closing Cash Balance**.

Option B: Annual Consolidation or Cumulative

Best for: Annual General Assemblies & Year-End Audits.

- Consolidates all 12 months of the active fiscal year.
- Aggregates annual membership dues and major event balances.
- All-time cumulative mode available since Group foundation.

Page 1 / 2

4. MULTI-MONTH COMPARATIVE SLIDE (M-3, M-2, M-1, M TRAJECTORY)

To provide dynamic strategic insight, the Treasurer can check **"Include Monthly Comparative Trajectory"**. This generates an executive comparative slide featuring:

INCOMES GROWTH (VS M-1)	EXPENSES VARIANCE	4-MONTH AVERAGE NET
+$2,450.00 (+16%)	**+$1,200.00 (+9%)**	**+$3,550.00 / mo**

Multi-Series Trajectory Lines: Features 3 distinct trend lines (**Green = Incomes**, **Red = Expenses**, **Blue = Net Surplus**). Every point is labeled with its exact dollar value, making verbal presentations seamless.

5. AUTOMATED BUDGET FAMILY VARIANCE ANALYSIS

An integrated financial AI engine automatically composes a written diagnostic comparing the current month against the previous month (M-1):

📈 TOP GROWTH / STRATEGIC PRIORITIES

Automatically highlights the highest spending growth (e.g.: "*The 'Charity & Donation' category recorded the highest growth at +$920.00 (+38% vs M-1), reflecting direct expansion of group humanitarian missions.*").

📉 COST REDUCTIONS / PRUDENT SAVINGS

Highlights disciplined savings (e.g.: "*Conversely, 'Logistics & Travel' showed a healthy -$380.00 drop (-29% vs M-1), confirming operational streamlining.*").

6. ASSEMBLY PRESENTATION PROTOCOL & OPTIMAL PRINT SETUP

📋 Presentation Protocol

- **Slide 1 (Welcome Screen):** Displayed while members arrive (confidential financial figures remain hidden).
- **Slides 2 & 3 (Financials):** Review category histograms, breakdown, and coverage ratio.
- **Slide 4 (Comparative):** Present 4-month trajectory and growth dynamics.
- **Final Slide (Adoption):** Strategic improvement resolutions and formal vote.

🖨️ Optimal Print / PDF Settings

- **Page Size:** Strict A4 Portrait.
- **Margins:** Set to "Minimum" (4mm) or "None".
- **Background Graphics:** Always check the box in the browser print dialog.
- **Output:** Exactly 1 slide per printed sheet, zero page spillover.

Official Adoption & Discharge of Accounts:
Upon presentation conclusion, Group Treasurer **Rachel Chua** and Group President **Sharon Llegado** sign the final slide, certifying audit completion and formal registration in official Group records.
